COVID-19 Virus

In response to the respiratory illness caused by Coronavirus (COVID-19), we would like to assure the public that we are following recommended guidelines provided by the Centers for Disease Control (CDC) and Prevention and local health authorities.

The CDC has advised people to take precautions in light of the coronavirus outbreak and that the best way to prevent illness is to avoid being exposed to this virus. Therefore, effective immediately, persons who have been diagnosed with, or have had contact with, anyone who has been diagnosed with the coronavirus, and persons with apparent symptoms of COVID-19, such as fever, severe cough, or shortness of breath are asked not to attend services. Our office is open by appointment only. We are sorry for this disruption and encourage you to contact us by telephone if you have any questions or need to make funeral arrangements. We can be reached by phone at 925-284-1353.

“To protect public health and slow the rate of transmission of COVID-19, pursuant to the guidelines issued by the Governor, small gatherings that may involve high risk individuals, such as funeral services involving older family members, should be limited to no more than 10 people and the gathering should allow social distancing of 6 feet from each person.”

The District is requesting that for all burials, please keep approximately 10' – 12' away from District staff. All burials will be permitted thirty (30) minutes for a gravesite service, starting at the pre-scheduled start time of placement.

Thank you for your understanding - Management
